HEAVY FIRE LOSSES

Millions of Dollars' Worth of Property Destroyed.

MANY CITIES OF THE LAND VISITED

Three Million-Dollar Conflagration in Philadelphia—Three Destructive Fires in Chicago—Two Lives Lost in a Hotel Fire—Milwaukee Blaze—Fireman Injured in New York—Other Fire Losses.

PHILADELPHIA, Jan. 27.—One of the most destructive fires that have visited this city in recent years broke out shortly before 7 o'clock yesterday morning in the wholesale and retail grocery store of Hanscomb Brothers, 1817 Market street. The firm occupied a portion of the large building of Hirsch & Brothers, umbrella manufacturers, which extended from 1809 to 1817 Market street. The flames spread rapidly throughout the building and to the adjoining properties, all of which were occupied by mercantile establishments.

The location is in the heart of the city and directly opposite the Hirsch building is the extensive and famous establishment of John Wanamaker, and within a few hundred yards stands the spacious city hall.

In addition to the 1,000 or more employees of Wanamaker's store, which includes several hundred girls, there were many thousand other toilers at the time moving toward their respective places of business, and the result was that the streets in the vicinity soon became choked with immense surging crowds.

The weather was intensely cold, and this in a measure deterred the efforts of the firemen in checking the flames, and, although six alarms were sounded, and about all of the city's fire apparatus soon appeared on the scene, the flames spread with alarming rapidity. In a half hour the whole block of business establishments from Thirteenth to Juniper street and from Market to Filbert was in danger of destruction. The firemen worked heroically, but their efforts were futile. The spray from the streams of water fell over them and froze, and huge icicles were formed on the walls and roofs of the burning structures.

The wind carried the blazing embers across Market street to Wanamaker's store, and the clock tower was soon ablaze. The fire engines did not have sufficient force to send the water to the tower, and after burning for some minutes it fell. The fire then communicated to the roof, but it was held in check, and in comparatively little time was practically extinguished. The Market street front of the store was badly damaged, but the interior escaped.

The fire toward 11 o'clock was well under control and was confined to the block mentioned. The loss will in all likelihood aggregate \$3,000,000.

The heaviest losers are Hirsch Brothers, who suffer about \$400,000. They had an immense stock on hand, preparing for summer trade. Walter Hirsh, a member of the firm, said that the stock was fully covered by insurance. The firm employed 450 hands. Hirsch Brothers occupied the top floors of the building which extended from 1809 to 1815, inclusive. The building was owned by the estate of Henry C. Gibson, the well known distiller, and was valued at about \$500,000.

Blum Brothers, who occupied 1819, will lose about \$150,000 on stock; Hanscom Brothers, \$125,000 on stock; Dennett's restaurant, stock and fixtures, \$75,000; Sterner & Ball, \$50,000; Mizpah restaurant, \$15,000; Hillman Drug company, \$75,000; Marshall's restaurant, \$25,000; George B. Wells, \$25,000; Showell & Fryer, \$50,000; James Goodwin, stained glass, \$15,000; James Dickson, heaters and ranges, \$5,000; Dunlap Brothers, \$200,000 on building and machinery; Furlong, \$10,000; John Wanamaker, \$100,000; Nickolacky, \$15,000; A. McCune & Company, \$40,000; S. H. Snall, drugs, \$15,000; Budd & Kite, \$5,000.

The loss on the small buildings will reach in the neighborhood of \$400,000. Nearly all the sufferers from the fire are fully protected by insurance.

Frank Piper of Engine Company No. 1, who was struck by falling brick and timbers and badly hurt, but will probably both recover.

While the fire was at its height an employe of the carpet firm of Ivins, Dietz & McGee, whose building is in the block below that devastated by the flames on Market street, was overcome by the excitement and suddenly dropped dead.

James Furlong, proprietor of the saloon at the corner of Juniper and Filbert streets, is critically ill of pneumonia. When the flames began to eat their way to his place, a squad of firemen carried him from his sick bed into the bleak streets and he was hurriedly taken to a nearby hotel. The excitement and shock may cost him his life.

BIG FIRE IN CHICAGO.

Seven Firemen and Two Spectators Were Badly Hurt.

CHICAGO, Jan. 27.—Seven firemen and two spectators were badly hurt at a fire, which yesterday evening destroyed the Williams block, 196 to 202 Monroe street. The injured men are:

Jeremiah O'Rourke, fireman, struck by falling wall; will probably die.

John Workman, fireman, fell into the

building when the roof collapsed and his body was badly crushed; may die.

Patrick Patterson, fireman, struck by falling bricks; leg broken.

Jeremiah Redcroft, fireman, both ankles broken by falling wall.

James Barker, captain, badly burned about head and neck.

Sherman P. Quinlan, fireman, leg broken and body badly bruised by a falling wall.

Harry Geoghegan, fireman, fell from building; leg badly wrenched.

John Ross, aged 12 years, and Charles Watson, 17 years old, injured severely by falling shutters.

The fire originated in the basement of the building and spread with such rapidity that within a few minutes it had become utterly useless for the firemen to attempt to save the building. After a hard fight they managed to confine the fire to the walls of the Williams block, but they were able to save nothing in it.

The total damage to the building and contents is estimated at \$386,000, the heaviest individual losers being: Williams' block, \$150,000; Wurzburger Brothers, manufacturers of underwear, \$36,000; National Rubber company, \$30,000; George H. Foster & Company, dry goods and notions, \$30,000; Continental Shoe company, \$40,000; Grossman & Michaelson, manufacturing clothiers, \$50,000; Townsend & Gale company, dry goods, \$30,000; Eureka Soap company, \$5,000.

A number of smaller concerns were wiped out and the stocks of several business houses in adjoining buildings were damaged badly by smoke and water.

BIG ELEVATOR BURNED.

A \$350,000 Blaze Combated by Chicago Firemen.

CHICAGO, Jan. 27.—The large grain elevator of the W. H. Purcell Malting company at One Hundred and Twenty-third street and the Belt Line track was destroyed by fire yesterday. The firemen were handicapped by the scarcity of fire plugs and the intense cold. The elevator was recently rebuilt, two former structures having been heavily damaged by fire. This, however, is the first time the building was completely destroyed.

Vice President Joseph Guckenheimer estimated the loss at about \$350,000, which is almost entirely covered by insurance.

The origin of the fire is not definitely known, but it is supposed to be due to tramps who have been building fires in and around the freight cars near the elevator in order to keep warm.

Still Another Chicago Blaze.

CHICAGO, Jan. 27.—Fire which started in the carpenter shop of L. Fnerst, at 246 Randolph street, yesterday, damaged that and two adjoining buildings and caused a loss of \$60,000.

TWO LIVES LOST.

The New Windsor Hotel at Fort Smith, Arkansas, Destroyed by Fire.

FORT SMITH, Ark., Jan. 27.—The lives of two men were lost in a fire, which occurred here yesterday morning. They were I. H. Pray of Springfield, Mo., a traveling salesman for the firm of M. J. Powers & Company of Chicago, and E. A. Mullison of Fremont, Neb. A hall lamp on the second floor of the New Windsor hotel exploded at 3:45 o'clock, and the building was in flames before the alarm was given. Those of the guests who made their escape, did so by passing through fire and smoke, and had to grope their way along the hallways to the steps.

The night clerk reported that he had aroused all the guests, but the smell of burning flesh about daylight told a different story. About 7 o'clock the body of Pray was found. At 11 o'clock the firemen discovered the body of E. A. Mullison, who appeared to have been suffocated. Letters in his room show that he was from Middletown, Orange county, N. Y., where he has a brother living. Both bodies were burned beyond recognition and are now at the morgue, awaiting advices from relatives. The Windsor building and adjoining store were destroyed and the next building, occupied by Hank Wyman, was badly damaged.

FIRE FROM A GAS EXPLOSION.

Hotel, Wholesale Grocery and Several Dwelling Burned.

LOGANSPORT, Ind., Jan. 27.—The most destructive fire in the history of this city was caused last night by a gas explosion in the Murdoch hotel, which completely gutted the building, and then went to Elliott's wholesale grocery. Every building within reach of the destructive blaze caught fire and was greatly damaged. The thermometer registered 10 below zero and caused the water pressure to be very low.

After two hours' fight the fire was practically under control and the tenants are being cared for by the county trustee and kind hearted citizens.

The Murdoch hotel was owned by A. J. Murdock, the banker of this city, and Neenah Simpson and husband, and the hotel was conducted by a stock company and was a popular place with the traveling public. The loss is variously estimated from \$75,000 to \$100,000.

Incendiary Fire in Canada.

SHELBYBURG, Ont., Jan. 27.—Fire yesterday completely destroyed the whole business side of Main street. It started in Hannah's hardware store where a large amount of gun powder was stored. An explosion occurred which shattered nearly every glass in town. A boot and shoe store, two jewelry stores, general dry goods store, and the offices of The Free Press were also burned. The trial of the Ballard gang of incendiaries is being held in the courthouse and it

is thought the fire was started by friends of the prisoners with the hope of attracting attentions of that court so the gang could make their escape.

Serious Loss to a Village.

UTICA, N. Y., Jan. 27.—Poland, situated 15 miles northeast of this city, on the Herkimer branch of the Mohawk and Malone railroad, suffered a considerable loss from fire. Fire started in Taylor's blacksmith shop. Fanned by the tremendous wind which was blowing, the flames soon assumed proportions which defied all efforts to check them. The buildings destroyed are: Reed Brothers' store, Willoughby House and barn, Kearney & McMahon's store, Daniel hotel and buildings, A. McMahon's meat market and J. Seavey's residence. The loss is over \$50,000.

Horses Cremated in Toledo.

TOLEDO, Jan. 27.—The explosion of a gasoline stove in the harness room of Joseph Popp's livery barns yesterday afternoon at 8 o'clock caused a hot fire. Twelve valuable coach and blooded horses were suffocated by smoke, while 20 others were so badly burned that the majority of them will have to be shot. The total loss will aggregate \$50,000 on horses, carriages and harness, with \$2,800 insurance, and \$8,000 on building, with \$2,000 insurance. The thermometer stood 3 degrees below zero during the progress of the fire.

Fire in Milwaukee.

MILWAUKEE, Jan. 27.—Milwaukee was visited by a destructive fire yesterday. A half block on the corner of Wells and West Water streets was consumed by the flames, which at one time threatened to destroy everything in the neighborhood. It took two fire tugs and seven fire engines to get the flames under control. The loss will reach about \$30,000. The Kneinstlerheim saloon, a well known resort, lost heavily on valuable paintings and furnishings. The six buildings destroyed were small wooden ones and of no great value.

Hotel and Saloon Burned.

DULUTH, Minn., Jan. 27.—A fire which started about 2 o'clock yesterday afternoon, in the building occupied by Jacob Stebler as a saloon, almost totally destroyed that building, and also the St. James hotel, adjoining. The furniture of the hotel was partly saved, but the building is badly damaged.

Losses on both buildings about \$15,000, almost entirely covered by insurance.

Firemen Injured.

NEW YORK, Jan. 27.—A fire in the 6-story building at 27 and 29 Pearl street, occupied by Percy Kent, a dealer in burlaps and twines, and Walton & Company, liquor merchants, caused a loss to the occupants and buildings aggregating \$40,000 to \$50,000. One of the firemen was badly cut in the face by falling glass.

Firemen Frozen.

INDIANAPOLIS, Jan. 27.—In a fire in the residence portion of the city, at 350 North Delaware street, firemen were unable to get water on the fire. Three firemen have frozen ears. The building was destroyed. Louis Gainey, its occupant, fell on the ice and broke his thigh.

Three People Burned to Death.

BELLEVILLE, Mich., Jan. 27.—A house on a farm about four miles south of Belleville was destroyed by fire yesterday morning, and Miss Anna Vandwater and two children, a boy aged 8 and girl of 14, were burned to death. The bodies were burned beyond recognition.

Pottery Plant Partially Destroyed.

KOKOMO, Ind., Jan. 27.—The plant of the Great Western Pottery company of this city was partially destroyed by fire yesterday, four of the seven buildings being destroyed. The loss is estimated at \$50,000, and is covered by insurance.

Flour Mills Burned.

LIMA, O., Jan. 27.—Yesterday morning about 5 o'clock the City mills at Van Wert took fire and were totally destroyed. The mills had been only recently fitted with new and improved machinery. The loss is about \$40,000.

Family Dwelling Destroyed.

EWING, Ky., Jan. 27.—The dwelling of Thomas Paynes was destroyed by fire last night. The family had just time to escape in their night clothes. They were compelled to walk a mile in their bare feet in the snow.

No Insurance.

VANCEBURG, Ky., Jan. 27.—The residence of Mrs. E. N. Campbell, on East Front street, was destroyed by fire yesterday. Loss, \$1,800; no insurance.

Tobacco Barn and Contents Burned.

GALLIPOLIS, O., Jan. 27.—W. F. Hannan's tobacco barn and contents were burned yesterday. The loss is \$2,500; no insurance.

DISTRESS IN INDIA.

The Associated Press Correspondent Has Discovered Where It Exists.

BIJAPUR, Ind., Jan. 27.—The correspondent of the Associated Press, who is visiting the distressed provinces of India, has arrived at Bijapur, about 245 miles southeast of Bombay, and finds in this district the keenest distress, especially among the people of the lower castes. These are on the verge of starvation and are only saved from it by the government relief work, which enables them to earn enough money to at least keep soul and body together, while awaiting the brighter state of affairs which recent rains are expected to provide later in the year.

It is estimated that fully one-tenth of

the cattle in this district have already perished from lack of fodder, and the loss from this cause will undoubtedly be considerably increased between now and the growing of the new crops. In the fields can be seen lying numbers of carcasses of animals being devoured by vultures.

There are many gangs of robbers engaged in pilaging grain stores whenever an opportunity arises and the prisons are full of thieves who have been captured while stealing grain or in attempting to do so.

Among the masses there are many cases of illness, arising from lack of proper nourishment and emaciation, and it is regarded as certain that cholera will reach this district sooner or later, owing to the carelessness of the people, who dread being taken to the hospitals provided for their care, believing that they are certain to die within a fortnight if they enter a hospital.

Beyond doubt, the utmost resources of the government will be taxed before long in the efforts which will have to be made to cope with the steadily increasing distress.

PROCEEDINGS OF CONGRESS.

A Busy Day in the Senate, but Very Little Done in the House.

WASHINGTON, Jan. 27.—The senate had a busy session yesterday. Cuba, the proposed international monetary conference, and the Nicaragua canal each came in for a share of attention. Mr. Turpin of Indiana closed his speech on the Cuban resolutions, urging that Spain had utterly failed to quell the outbreak and that the United States should intervene.

The Woleott bill for an international monetary conference was considered for the first time. Mr. White (Dem., Cal.), Mr. Cannon (Ind., Utah) and Mr. Daniel (Dem., Va.) urged that the conference would be futile and was not intended as a serious movement toward bimetallism. It was made evident, however, that the bill would meet with little opposition beyond the expression of senators that the bill would accomplish nothing. Mr. Stewart offered an amendment, providing that in case the conference failed, within 30 days, begin the free and unlimited coinage of both gold and silver. No final action on the bill was taken.

The Nicaragua canal debate was resumed, Mr. Daniel speaking against the measure. Mr. Morgan submitted a letter from President Hitchcock of the canal company, replying to the recent letter of Minister Rodriguez. Mr. Morgan also offered an amendment designed to meet the objections presented by Mr. Rodriguez.

In presenting a remonstrance against the bill, said to restore the practice of flogging on vessels, Mr. Frye (Rep., Me.) said there was no measure pending which in any way restored flogging, but on the contrary the bill referred to gave greater security than ever before to sailors against brutality on shipboard.

The house amendments to the senate bill for a survey of a water route from the mouth of the jetties at Galveston, Tex., to Houston, were agreed to and the bill finally passed.

In the House.

WASHINGTON, Jan. 27.—The house overrode another of President Cleveland's pension vetoes yesterday by a vote of 137 to 52. The bill pensioned Jonathan Scott of the Sixth Iowa cavalry, who is now living at Oswego, Kan., at the rate of \$72 per month. Mr. Cleveland vetoed it on the ground that the disability for which the beneficiary was to be pensioned was not contracted in the service. The rest of the day was devoted to a continuation of the debate on the Indian appropriation bill. Only a few amendments were adopted and those of minor importance. About 25 pages of the bill were covered.

A bill to satisfy a peculiar claim was passed on motion of Mr. Turner (Dem., Ga.). It was the claim of John F. McRae, a deputy United States marshal, for keeping 36 African slaves landed by the ship Wanderer at Savannah, Ga., in 1859, until they could be shipped back to their homes in accordance with the provisions of the law for the suppression of the slave traffic. The amount was \$462.

Mr. Hitt (Rep., Ills.), chairman of the committee on foreign affairs, reported the

"He opposes the extravagant claims of the McKinleyites and insists that as the troubles of the country come from a lack of revenue in the new bill, greater attention should be paid to getting revenue than granting protection. He does not favor the McKinley idea of a tariff for protection, with incidental revenue, but rather the Democratic policy of a tariff for revenue, with the assured incident of protection by revenue rates."

THE estimates of the area, product and value of the wheat crop of the United States for 1896, made by the Department of Agriculture and published this week, are: Winter wheat, area, 22,794,000 acres; product, 267,934,000 bushels; yield per acre, 11.8 bushels. Spring wheat, area, 11,825,000 acres; product, 150,750,000 bushels; yield per acre, 13.5 bushels. Total wheat area, 34,619,000 acres; product, 427,684,000 bushels; value, \$310,603,000; yield per acre, 12.4 bushels; farm price per bushel, 72.6 cents. Most farmers would like to know how the Department figures out the price at 72 cents. The price realized was nearer 50 cents.

Messrs. H. T. Boulden and Newell Downing, of Sardis, took in the Sousa concert Tuesday afternoon.

Miss Mary Mitchell, of Mayslick, has been visiting Mrs. James McCreary, of Flemingsburg, the past week.

Captain E. W. Fitzgerald was here last night on his way to Huntington on business connected with the C. and O.

Captain Tom Nolin is in town, his boat, the Pittsburg and Kanawha steamer Ruth, having gone into winter quarters.

Flemingsburg Gazette: "Mr. Chas. Collins of Washington, Mason County, was here Monday on business and also to visit his two brothers, Elias and Lewis Collins."

THE COSTLY SENATE.

What Uncle Sam Pays For Running the Upper House of Congress.

The Senate of the United States will cost the taxpayers of the country a neat sum of money for the fiscal year ending June 30, 1898.

The Legislative appropriation bill now pending in the Senate appropriates, among others, these items:

For compensation of Senators.....	\$480,000
For mileage.....	45,000
Office of Secretary of Senate, including clerks and messengers under him.....	66,074.40
Clerks and messengers to committees.....	102,220.00
For twenty-five clerks to committees.....	45,000.00
For thirty annual clerks to Senators who are not chairmen of committees.....	52,000.00
Office of Vice President, one secretary, one telegraph operator, one page, in all.....	5,460.00

These are only a few of the items. They show, however, that the "Millionaires' Club" as an institution costs money to maintain at its present standard.

MAILABLE

Is Wall Paper Under Certain Conditions Incident Of Interest To the Trade.

The question of whether or not a sample of wall paper bound in a publication sent through the mail as second class matter is allowable has been one that caused both the officials and wall paper dealers much thought. Under the postal laws, says the Enquirer, samples of merchandise can not be sent out in anything which goes at second class rates. Last March Kerr Craig, the Third Assistant Postmaster General, ruled that it could be sent in publications at second class rates, although before that time the opposite had been held by the officials. It seems, however, that the Chicago Post office was not notified of the change in the ruling, and but for some Cincinnati men the Chicago wall paper dealers would be prohibited from advertising in this way in anything that went out of that office.

A few months ago a large paper house in Chicago arranged to advertise extensively in this way, and contracted with several Chicago publications. Then they had \$2,000 worth of wall paper cut up into samples. Just as they had everything ready the publishers notified them that they could not accept the ad., as the Chicago Postmasters would not let it go through at second class rates.

The samples were of no more use to the Chicago house and they destroyed them. Last month the United States Wall Paper Company, of Cincinnati, contracted with a Chicago publication for an ad., and was notified that it could not go through the mails at second class rates.

Mr. Elmer Voight went to Postmaster Brown and secured a copy of the ruling which the Third Assistant Postmaster-General has made. With this he went to Chicago and flashed it on the Superintendent of Mails there.

As it was dated later than any of the rulings which forbid sending wall paper in publications at second class rates, it is, of course in effect.

The Chicago wall paper dealers were notified, and the firm that destroyed this \$2,000 worth of samples is looking about for some one to hold responsible.

River News.

The Keystone State is laid up at Pittsburgh, the Hudson at Parkersburg, the Virginia and Stanley at Cincinnati.

The Courier came up Tuesday and returned to Cincinnati on time. It was her last trip until the weather moderates.

Captain Phister's staunch ferryboat, the Laurance, is about the only boat that continues to venture out in the heavy ice. She is still making occasional trips and will continue as long as possible.

A barge of coal belonging to Captain Phister came near sinking at the upper grade Tuesday. The ice knocked a hole in the boat. The ferryboat towed it to the lower grade at Aberdeen, where it was pumped out and is all right.

Enquirer: "Henry McClanahan, head engineer of the City of Louisville, and Thomas Wiley, chief baker, are considered two of the best men in their departments on the river, and are the best posted men on general affairs on shore of any two in the line."

The towboat Jessie, with several barges of coal, reached this point Tuesday afternoon. The ice was so heavy that the Captain decided to seek a harbor, and he succeeded in getting most of the barges in Beasley's eddy. He will likely try to bring the others from the point above town to day.

Who does not know women and young girls who are continually in tears? Who always see the dark side? Who have frequent fits of melancholy without any apparent cause? The intelligent physician will know that it is some derangement of the complicated and delicate feminine organs. The young girl suffers, bodily and mentally, in silence. There is undue weariness, unexpected pain, unreasonable tears and fits of temper. Dr. Pierce's Favorite Prescription exerts a wonderful power over woman's delicate organism. It is an invigorating tonic and is specific for the peculiar weaknesses, irregularities and painful derangements of woman. Careless, easy-going doctors frequently treat their women patients for biliousness, nervousness, dyspepsia, liver or kidney troubles, when the real sickness is in the organs distinctly feminine, and no help can come till they are made perfectly strong by the use of Dr. Pierce's Favorite Prescription.

They Were Ready.

One of the district school trustees was a crank on the subject of fire, and when he called around with the examining board he always confined his remarks to a question addressed to the pupils as to what they would do in case the building should catch fire.

The teacher was acquainted with his hobby, so she prompted her scholars as to the answer they should give when he arose to propound his accustomed inquiry.

When the board called, however, this particular trustee, perhaps from a desire to emulate his associates in their addresses, rose and said:

"You boys and girls have paid such nice attention to Mr. Jones' remarks, I wonder what you would do if I were to make you a little speech?"

Quick as though 100 voices piped in unison:

"Form a line and march down stairs."—Detroit Free Press.

Household Hints.

A little sugar added to turnips, beets and winter squash will be an improvement.

The proportion of salt in cooking vegetables is a teaspoonful to every gallon of water.

Onions should be soaked in warm salt water to remove the strong flavor before cooking.

Turnips, carrots and onions should never be split, but slice in rings cut across the fiber.

Old potatoes are improved by peeling and soaking in water for a few hours before cooking.

In buying turnips remember that small white ones contain more nutrient than the large yellow ones.

When vegetables require stirring it should be done with a wooden spoon; and this should also be used for taking them up.

All vegetables should be thoroughly cooked and it is important to remember that late ones require a longer time than early ones.

We are still showing in our Cloak department what we believe to be the best bargains in the town. Five dollars will buy a Jacket now that would have cost double earlier in the season. Handsome tailored Coats built of Kersey, Beaver or Freize. Swell trimmings, perfect finishings.

BLANKETS.

A safe investment at any time, and a more economical one now than in the early season or next fall. If you have a blanket need we feel certain we can fill it to your complete satisfaction and our credit. Whether wool mixtures at \$1.50 a pair up or all wools at \$3.50 a pair up, we know your blanket thought can here find its realization. Our stock is worth investigation—let us show it to you.

DRESS PATTERNS.

A few, not many, left. Closing all at one-third off former prices, some less. This season's goods, new, fresh—no shopworn disfigurements.

MACKINTOSHES.

and rainy days go together. Nature supplies the one but we are well equipped to supply the other. Our \$5 Mackintosh is a beauty; double cape, detachable, velvet collar, plaid lining throughout. Come and get one before the next rain—it's coming.

McCLANAHAN & SHEA,

KENDALL CAPTURED.

Wanted on Charge of Causing Another's Death—A Christmas Tragedy Recalled.

Police Frank Purnell arrested O. A. Kendall Tuesday afternoon on a warrant issued by Judge Carey, of Morehead, charging Kendall with negligently causing the death of Monroe Padgett.

The arrest recalls a terrible tragedy enacted last Christmas at the town of Farmers, Rowan County.

Padgett was arrested for drunkenness by Kendall who was the Marshal or Deputy Marshal of the town. The officer then took his prisoner and lodged him in the building used as a jail.

During the night Padgett set fire to the building and perished in the flames.

Just who was at fault is not known, but the people were so indignant over Padgett's treatment and terrible death, that Kendall had to flee to keep from being mobbed.

He claims he was innocent of any wrong doing in the affair, but he didn't want to be returned to Rowan for fear of being lynched.

He went so far, it is reported, as to express his belief that the warrant was simply part of a scheme to take him back to Rowan, so that a mob might get at him.

Chief of Police Ort left on the early train this morning with the prisoner for Morehead.

Mrs. Padgett has sued the town of Farmers for \$10,000 damages, alleging negligence and carelessness on the part of the town officers for allowing her husband to burn to death.

Kendall is known as "Banty" Kendall, and formerly lived in Fleming County.

The pestiferous "home missionary," who don't care a copper for home missions and is violently opposed to foreign ones, has found an offensive duplicate in English politics, says the Harrodsburg Democrat. All Great Britain is aroused over the appalling suffering of the starving East Indians, and at a meeting in London a few days ago at which the Lord Mayor presided, this feeling found expression in a resolution offered by the Duke of Connaught declaring it to be a public duty to extend measures of relief. At once the Socialist leader Hyndmann opposed it on the grounds that there was distress among the poor of England. On his insisting upon his point this inopportune, obtrusive stickler for the principle that charity begins at home was ejected from the building in a storm of indignation.

THE "MARCH KING."

Sousa and His Matchless Band Delighted a Large Audience Tuesday Afternoon.

It is not often that Maysville people have an opportunity to enjoy such a musical treat as that of Tuesday afternoon, when Sousa and his matchless band appeared in a matinee concert at the opera house.

Lovers of music were attracted here from Flemingsburg, Ripley, Dover, Augusta, Manchester and other points, and the "March King" was accorded an enthusiastic reception.

The concert was all that any one could wish for in that line. Sousa is an artist, and he has surrounded himself with artists, so thoroughly trained that they give expression to his every suggestion. Music by such artists is most charming, and people never tire of it.

The soloists, Mrs. Northrop, Miss Johnstone and Mr. Pryor, shared the honors of the afternoon with Sousa and his band.

With one exception every number was encored.

Deputy Collector Baldwin Somewhat Better.

The many friends of Deputy Collector Baldwin, whose critical illness was mentioned Tuesday, will be glad to learn that there has been a slight improvement in his condition since last report.

GENERAL P. W. HARDIN was here a short time Tuesday in the interest of the new Democratic paper to be started at Louisville.—The Dispatch.

TO-DAY is the twenty-second anniversary of the elevation of Bishop Dudley to the episcopate. The day will be fittingly celebrated at Louisville, the home of the Bishop.

"THE Volunteer March," composed by Cal. Morgan and Harry Sexton, of Lexington, is pronounced by Sousa as a splendid creation. Young Morgan is a son of General John Morgan.

MRS. PRISCILLA LAYTHAM, of Cabin Creek, aged eighty-four, mother of Mrs. George M. Clinger, of this city, has eight children, forty-four grandchildren and thirty-two great grandchildren. She has her second eyesight and, it is said, can see better than any of her children.

E. H. MOTE, of Leesburg, Fla., has just shipped the first car-load of cabbage from his 150-acre vegetable farm. Mr. Mote says that he will ship three or four more car-loads during the month. Beginning with February he will, perhaps, ship a car-load per day. January is a month earlier than Mr. Mote began to ship cabbage last year. The first car-load was shipped on February 18.

TO-MORROW night is looked forward to with interest by the many friends of the Red Men's lodge, for that is the night "The Wife" will be given at the opera house, to be followed by the laughable farce "Mock Adoption." Fires are being kept going day and night so as to insure a warm house. Reserved seats opened up last night at Nelson's, and started off to the entire satisfaction of the lodge.

WHEN sweeping a room there is nothing better to aid in collecting the dust than newspaper, says an exchange. Take a page of newspaper at a time, wet it in hot water, and press it between the hands until it ceases to drip, then tear it into pieces, and throw them around over the carpet. Then sweep, and most of the dust will gather on the wet paper. On matting, if large pieces of wet paper are pushed ahead of the broom, they will take the light fluff that is likely to fly back and lodge.

SO GREAT was the shock to some people in Missouri on the hanging of the banker and former State Legislator, William Taylor, who, with his brother, George, murdered the whole Meeks family, to prevent the husband and father from testifying against them in a cattle-stealing case, that they are now asserting that a dummy was hanged in Bill Taylor's stead at Carrollton. The escape of Geo. Taylor after conviction lends color to the rumor, and the grave is to be opened where Bill's remains are supposed to lie.

TOBACCO SALES.

Prices Realized by Growers and Dealers For Crops Lately Disposed of.

Martin Brothers, of Fleming County, sold their 1896 tobacco crop, one barn, at 8 and 2 cents (1,200 pounds); one barn at 7 and 2 cents (8,000 pounds); B. Young also of Fleming sold one barn at 7½ and 2 cents (4,000 pounds) to Mr. Stiles, the agent of the Liggett & Myers Tobacco Company at this place.

R. Wells purchased of Martin O'Neil, of Wedonia, ten thousand pounds at 10 cents from the ground up. W. H. Harrison, of same neighborhood, sold his crop to Mr. Stiles, of this city, at 7½ cents for all but trash, which went at 2 cents. Both crops are to be delivered in striping order.

The following sales are reported on the Cincinnati breakers: Perry Jefferson nine good hogheads, averaging \$14.05. A. P. Brown & Co., of Mason County, two hogheads at \$10.50 and \$13.25, averaging \$11.87.

Goodwin & MacIntyre, of Mason County, sold two hogheads at \$10.50 and \$11.75, averaging \$11.12. E. P. Claybrook, Bourbon County, seven hogheads new, averaging \$7.84. W. M. Collins, Fleming County, four hogheads new, averaging \$9.80. J. E. Boulden, Mason County, two hogheads old at \$10 and \$15.75, averaging \$12.87.

AN ADJOURNMENT.

How It Was Secured in the Kentucky Legislature Forty Years Ago.

[Exchange.]

It was nearly forty years ago that this particular fracas took place, on account, I am told, of a bill to cut down the salary and curtail the number of assistance of certain State officers. The granger element warmly championed the bill, and, as the farmers were in the majority, it seemed as if the bill was sure to pass, although it was opposed by the politicians, who wanted as many offices as possible for their friends, and opposed any movement that would lessen their friends' income.

Aided by the Speaker, the politicians filibustered and delayed the vote. It was 8 o'clock in the morning, and the wrangle had gone on all night. Although they had nothing to eat and no sleep, the farmers voted down every motion to adjourn, determining to remain in session until the vote was taken.

At that moment an inspiration struck Colonel Leon, a wily political general, and, turning to his friend Johnson—Kentucky has produced many Johnsons, so don't try to be more particular—he said: "Colonel, I bet the dinner and drinks for four that I can secure an adjournment in half an hour."

"I'll go you," was the reply.

Calling a page, he whispered a few words to him and gave him a bill. The page disappeared, was gone a few moments, and returned with a queer looking package. This Col. Leon and one or two political followers divided and took to the old-fashioned open fireplace. It proved to be small pieces of good country bacon.

Putting these pieces on sticks which they had somehow secured, they held them over the fire to cook. The members who knew Col. Leon laughed, for they had never seen him with such a breakfast before, but soon the gratifying smell of cooking bacon filled the hall, and before much more than half of the stipulated time had elapsed some rustic member made a motion for an adjournment, that was almost unanimously carried.

Covington Adopts a Curfew Ordinance.

The Covington City Council passed an ordinance Monday night providing that a curfew bell shall be sounded at 8:30 o'clock each night in the winter time and before much more than half of the stipulated time had elapsed some rustic member made a motion for an adjournment, that was almost unanimously carried.

The signal is to be a single tap on all the fire bells, and all boys and girls under the age of sixteen years found upon the streets after that hour are to be arrested.

The ordinance will become operative as soon as it has passed the Board of Alderman and received the signature of the Mayor.

The ordinance was projected and endorsed by the ladies of the Covington Civic League.

Death of Mr. Henry Wilson.

Mr. Henry Wilson, of Orangeburg, died Monday night at the home of his parents in Ohio where he was stricken down some weeks ago. He was a sufferer from consumption.

Deceased was an industrious and popular young man, and had many friends in this county. His wife, who is a daughter of Squire Collis, survives, and leaves one child. The couple had been married but a few years.

R. B. LOVEL,

ENCOURAGED by my largely increased business of the past year, and in order to meet the largely increasing demands of my trade, I have taken advantage of the great depression in business throughout the country, which has been the cause of offering large quantities of the most desirable goods in my line on the market at extremely low prices, and bought from the largest dealers and most attractive stores of goods ever offered to the people of this city. Therefore, I am in condition to offer to cash and prompt paying customers the greatest bargains ever offered to the trade and at the same time give them the very best class of goods. My stock consists of every article and much more than can be found in many strictly first-class houses in the country, consisting of Staples and Dry Goods, Groceries and Candy Goods, best Sausage and Hams and Breakfast Bacon, Flours of various brands—Buckwheat Flour, Graham Flour, Entire Wheat Flour, Wheatlets:

NOW FOR '97.

pure Maple Syrup, the best brands of Pickles, Snider's Caisson and Chili Sauce, pure Cream Cheese, Fruiti, both green and dried, of all kinds; in fact, every article that can be named and at prices that knock out all competition. My house is headquarters for Poultry, Game and Oysters in season, always fresh and tempting, and when you want the best cakes and bread don't fail to buy my Perfect Flour. It always the best, and my Baked Coffee has no equal. Watch for my Specials, and don't fail to take advantage of them. I want country people when in our city to make my house headquarters; you are always welcome. And don't forget that I run two wagons regular and will deliver all goods promptly. If you can't come, telephone No. 83, and your wants will be attended to. Thanking all for the very liberal patronage of the past, I hope, by fair dealing and prompt and polite attention to the wants of the public, to merit a continuance of same.

RELIEF WORK IN CHICAGO.
Over a Thousand Families Supplied With Food and Fuel.

CHICAGO, Jan. 27.—The quick response of the citizens to Mayor Swift's appeal has resulted in the relief of suffering in Chicago with rapidity and to an extent far beyond expectations. Through the systematic canvass of the police and the prompt attention to the cases reported by the officers it is safe to say that but few persons suffered last night in Chicago from cold or hunger. During the past 48 hours not less than 1,200 families were supplied through the police with food and fuel.

The work of the police was yesterday reinforced by that of the letter carriers, who, acting on Postmaster Hesing's orders, gathered the names of the unfortunate on their routes and turned them into the substations, the superintendents of which then reported to the police.

The work of the Salvation Army was far-reaching, and the information in the hands of the "slum" workers was used to great advantage in the relief work.

Mayor Swift was busy all day receiving subscriptions to the relief fund. The Pabst Brewing company of Milwaukee telegraphed Mayor Swift that it had sent \$1,000 to help feed the hungry. The largest contribution so far made to the public relief fund was by the officials and employees of the Postal Telegraph and Cable company, who raised \$2,000. The lumber dealers of the city raised \$1,300 in 15 minutes yesterday, and promised that the amount would soon be \$2,500. A large fund was raised among the exhibitors of cycles at the national cycle exposition, now being held here. The list was headed by the Pope Manufacturing company with a contribution of \$1,000, and will amount to a large sum when completed. Fully \$35,000 has been raised for relief work in the last two days by voluntary responses to Mayor Swift's proclamation.

Man Decapitated.

JOLIET, Ills., Jan. 27.—An accident occurred at the Illinois Steel company's plant whereby Nebon Johnson was decapitated. He was employed in the rod mill and in falling from a high platform his head came in contact with the edge of the platform and the connecting rod of the engine, cutting off his head. The first thing his fellow-employees below knew of the accident was the head tumbling into their midst.

Twelve Lifesavers Drowned.

COPENHAGEN, Jan. 27.—While the crew of a lifeboat were trying to rescue the crew of a fishing boat in the North sea, off Haarboore, Jutland, yesterday, the lifeboat was capsized, and all hands on board, 12 in number, were drowned.

HANNA MAKES ANOTHER VISIT.

He Refuses to Talk to Reporters Several Names Suggested by Brooklyn Men. Preparation for the Farewell Reception—Collateral Tax Law Declared Constitutional—Other Ohio News.

CANTON, O., Jan. 27.—National Chairman M. A. Hanna called on Major McKinley yesterday evening. He came down from Cleveland at 5:40 o'clock and remained over night. He had nothing to say when called on by reporters.

Mr. Clarence Bowen, a prominent publisher of New York city, and an intimate friend of Major McKinley, was a visitor yesterday. He said he was here on private business, and his visit had no prominent political significance. Mr. Bowen lunched with the major, and returned to New York on an afternoon train.

At noon five Brooklyn gentlemen called on Major McKinley. The party consisted of Messrs. Walter B. Atterbury, R. Ross Appleton, Theodore B. Willis, City Works Commissioner E. J. Kaltenbach and George Roberts, Jr. They were here in the interest of Congressman Francis H. Wilson of Brooklyn, and formally presented his name for Major McKinley's consideration. Mr. Appleton also presented the name of Andrew Jacobs for appointment as navy officer at the port of New York.

It has been definitely arranged that the farewell reception to Major and Mrs. McKinley will be held on the afternoon of Feb. 22. The reception will be for Cantonians in general who wish to bid Major and Mrs. McKinley goodbye. It will be under the auspices of the Business Men's association, which will arrange details.

Receiver Removed.

COLUMBUS, O., Jan. 27.—Judge Slough, at Lancaster yesterday, revoked the appointment of E. M. Poston of Nelsonville as receiver of the Columbus, Sandusky and Hocking Railroad company. The receivership was forced upon the company against the protests of stockholders. The old management resumes possession of the property.

COLLATERAL LAW CONSTITUTIONAL.

COLUMBUS, O., Jan. 27.—In the two cases involving the validity of the collateral inheritance tax law—Hagerty vs. the state, from this county, and Anderson vs. Hoover, from Licking county—the supreme court has rendered decisions holding the law constitutional and valid.

Trouble Among the Stockholders.

CLEVELAND, Jan. 27.—Homer H. Johnson has been appointed receiver for the Vulcan Brass company. The assets of the company are placed at \$35,000, and liabilities at \$48,500. Trouble among the stockholders, it is said, led to the application for a receiver.

Failed After Thirty-Three Years.

DELaware, O., Jan. 27.—H. F. Brown, the oldest shoe dealer in this city has assigned to J. L. Wolfsey. Assets, \$8,000; liabilities, \$5,500. He has been in business in the same room 33 years.

HIGHWAYMEN SENTENCED.

POMEROY, O., Jan. 27.—Highwaymen Charles Butcher, Harvey Butcher and Harry Wines were each sentenced to seven years in the penitentiary yesterday by Judge Wood.

MINISTER WILLIS BURIED.

The Greatest Simplicity Characterized Every Detail of the Funeral.

LOUISVILLE, Jan. 27.—The service over the remains of Albert S. Willis, minister to Hawaii, was held yesterday at the First Christian church, and the greatest simplicity characterized every detail. Rev. E. L. Powell of the Christian church, and Rev. Reverdy Estell of St. Paul's Episcopal church conducted the service.

The burial, at the request of Mrs. Willis, was private. Another request of the wife of the deceased was that the casket remain unopened, and this was also complied with. The flags on the customhouse, city hall and other public institutions were kept flying at half-mast all day in respect to the memory of Mr. Willis.

Mrs. Willis says that every courtesy was shown her in Hawaii. The throne-room of the castle was cleared and the remains were placed in state there. Pending the departure of the steamer Australasia for this country the remains were placed in a vault.

Mr. Willis left a small personal estate but he carried a heavy life insurance.

FELL FROM A TRAIN.

HOLMAN, Ind., Jan. 27.—Howard Lyons, a freight brakeman on the Baltimore and Ohio Southwestern, fell from train. His recovery is doubtful. He was found by a man at a water station.

A primary teacher in a Watervliet Sunday school took for a subject "The Lord loveth a cheerful giver." She inquired if any one knew what it meant, when a little 4-year-old boy said:

"Miss L——, I know what that means."

"Well, George Edwin, what is it?"

"It means give a whole lot and don't cry over it,"—Troy Times.
